2:00 PM – 3:00 PM – (Room D) - Tim Zoll – Overview: National Academy of Sciences (NAS)

“Creating the Path to a Stronger Field of Forensic Science in America”

Mr. Tim Zoll recently attended the symposium of the NAS. His attendance was sponsored by the MoIAI. The validity of forensic sciences and fingerprint identification in general, has come under extreme scrutiny of late due to a report issued by the NAS.

Mr. Zoll will present an overview of the recent symposium held at the Sandra Day O'Connor College of Law at Arizona State University.

Mr. Zoll began his career with the St. Louis Metropolitan Police Department in 1976. There, he worked as a fingerprint technician, crime scene examiner, and latent print examiner. Presently, Mr. Zoll holds a position with the Ferguson Police Department. Mr. Zoll holds a Life Active membership with the International Association for Identification and a Life Active membership with the Missouri Division. Along with these accomplishments, Mr. Zoll is a member of the Fingerprint Society of England and the Canadian Identification Society.
